More than 6,000 forward-thinking women in engineering and technology will converge for WE09 this October 15-17, 2009

SWE Annual Conference For Women Engineers

Did You Apply Online?

Rest assured, this next October 2-3, 2009 on the UPRM Job Fair, the 4 most common words you’re going to hear are: did you apply online? So be ahead of the game, grab the bull by the... horns :) and next time you’re online, go to www.uprm.edu/placement and find out which companies are attending this year’s job fair. Google them and see if they have an online job application process available. So, when you approach them on October and they ask the magic words, you will say: "of course, I’m really interested in your company" with a big smile on your face.

Resume CD

SWE Members
You have until September 25 to send your resume to our webmaster:
manuel.maldonado1@upr.edu

Trust Me, I'm an Engineer... in training
